

Unique Benefits Over Other Online Vocabulary Programs

1. Vocabulary Instruction Tied to the Curriculum

Word Voyage provides [hundreds of vocabulary lists from classic and popular titles](#), as well as a service to create new lists on request- from any subject area! The words are immediately relevant to the students and reading comprehension is improved!

2. Analysis vs Memorization

Many programs help students memorize specific words. Word Voyage teaches a word-attack strategy using Latin and Greek roots. The students *actively* investigate meaning formation at the root level, and then connect this knowledge to modern definitions and usage. [Demo](#).

3. Friendly Competition

Students compete with their peers in fun and engaging [games](#) that reinforce critical skills. Great for classroom activities!

4. Word Mastery Through Writing

The students must demonstrate the proper usage of each word in an original sentence.

5. Grammar and Sentence Construction

The teacher can assign [specific grammar skills](#) for the students to practice in their sentences as well. Instructional videos are provided. [Example](#).

6. Formative Feedback

Using the streamlined Sentence Review/Comment Platform, the teacher can efficiently guide the writing and revision process. With the benefit of regular, formative feedback, the students make steady progress and skills do not fall through the cracks!

7. Teacher Directed Learning

With Word Voyage, the teacher decides which exercises are required or optional. This means the students get more practice with vital skills, such as word roots! Also, instruction is easily differentiated by student or group.
