

## **Benefits of Word Voyage over Workbooks**

### **1. Vocabulary Instruction Tied to the Curriculum**

Word Voyage provides [hundreds of vocabulary lists from classic and popular titles](#), as well as a service to create new lists on request- from any subject area! The words are immediately relevant to the students and reading comprehension is improved!

### **2. Latin and Greek Roots**

Word Voyage teaches how roots work together to form definitions. Once a word is learned, the students go on to “Meet the Cousins,” additional members of the same root family. In this way, vocabulary is built exponentially! Through repeated rounds of practice, Word Voyage students master the deep and dependable English root patterns that can help unlock any word.

### **3. Grammar and Sentence Construction**

Using the Word Voyage [Writing Platform](#), students demonstrate word mastery and practice a wide range of grammatical skills. Instructional videos are provided. Interacting online with each student, teachers provide regular, formative feedback.

### **4. Differentiated Instruction**

No more one-size-fits-all! Word Voyage allows teachers to tailor instruction to each learner. There is no need to keep strugglers struggling or to bore students who process language at a higher level.

### **5. Web-based Convenience**

Available 24/7, Word Voyage works on all computers, iPad, and most tablets. No download or installation is required. Online student grade book and journal stores all scores and work for convenient access.
